proposed
amendment for 107773

Dear Examiner Wei,

I have attached a further proposed amendment to your claim. Please review, and if it is acceptable to you, please feel free to use your discretion to include it as an Examiner's amendment to Claims 11 and 45 also.

Thanks,

-- Karl

Karl,

Based on your proposed amendment, I want to add some more about placing classes in siblings being frequently called into the same branch with the calling module and further clarify the configuraiton of root/system classloader. If you agree, I will put same limitations in all other independent claims 11 and 45.

Thanks

Re: Patent Application No.: 10/777,361 (ORACL-01312US1)

Dear Examiner Wei:

With regard to the above-referenced patent application, attached is a proposed Supplemental Amendment for your consideration.

Please review the proposed amendment, and if it is acceptable to you, please use your discretion to include it as an Examiner's amendment.

Thank you for your assistance with this matter. Please let me know if I can be of any further assistance.

Best regards,

-- Karl
